Orion Event and Gallery Internship Opportunity

About ASG

Aggregate Space Gallery is a charitable, artist-run exhibition and performance space in West Oakland that prioritizes the exhibition of artwork that generally can't be seen elsewhere – our mantra is "*Install the Unimaginable.*" ASG supports artists who fuel critical dialogue in a time when it is desperately needed. We aim to be a sanctuary for groundbreaking and emerging contemporary art. <https://aggregatespacegallery.org/>

Project Need:

Aggregate Space Gallery (ASG) is currently accepting applications for a gallery intern for Orium III, An Art-Making Fundraiser for ASG which takes place 16 May- 15 June 2019, Thursdays-Saturdays from 1:00pm-5:00pm.

What is Orium:

Orium III is ASG's third annual art-making and fundraising event where we share our resources with dozens of artists and invite them to come and create small, unique, and brand new editions of artworks to be sold to benefit the continued growth and stabilization of ASG. Over three weekends, we will open our doors for the public to peer into this part of the artist's process; our goal is to create an aquarium-like public space wherein artists exchange resources, ideas, and activate the ASG facility in its entirety.

Time Commitment:

3 months. 10-15 hours a week. The ideal time frame is 05/01/2019 to 07/15/2019

If you can't make every single date, we can work with you, but a majority will be needed to make the internship work. *Occasional evening events (opening reception and First Friday Event)

Why Now?

ASG is in a moment of momentous growth and exciting change. Over the past few years, we've grown from an artist-run space into a nationally funded non-profit, but are facing a challenging moment in our history and we need your help. We are facing displacement from our current location due to rent hikes and other non-negotiable lease terms and have now started the process of seeking alternative solutions.

To accomplish our goal of continuing our critical programming for emerging artists and nationally recognized programming while we seek a new home for ASG, we need your help during this pivotal moment. With the right expertise and support, ASG can have a bright future in the Bay Area as a vehicle for groundbreaking multimedia, installation, and experimental video works that push forward challenging conversations and create new worlds of thought. You will be a critical part of our growth and forward momentum!

What we need from you:

- Be present during shop times and gallery hours listed above
- Assistance with social media

What's in it for you:

You will receive a well-rounded experience working in a nationally recognized institution as well as advance and sharpen your communication skills, exposure to and literacy with digital and technological tools used in nonprofits. This role is ideal for someone looking to gain experience in the arts. At the end of a successful internship, our staff will be happy to provide a written reference supporting your future.

- Always lead with kindness and an intent to understand, asking questions often
